Subject: Board Presentation Kennecott Utah Copper Corporation (KUC), Bingham Canyon, M/035/002, Salt Lake County, Utah

Dear Mr. Kaiser:

The Division eagerly anticipates KUC's yearly board presentation on January 23, 2008. In the past, KUC has provided the Division with an overview of planned reclamation activities within permit number M/035/002, with minimal Division input. According to the terms of the 1978 Mined Land Reclamation contract, the Division would like to work jointly with KUC to develop the scope of work in maintaining a program of experimentation, application of best available technology, and establishing reclamation plans for the review of the Board. This effort may provide a greater opportunity to target the reclamation vulnerabilities of a challenging environment and to produce innovative possibilities that may result in balanced solutions for site-specific reclamation.

In order to implement this participatory role, the Division is suggesting a planning meeting to discuss KUC's thoughts and potential reclamation activities plans for 2008.

Please contact me to arrange for this meeting in the very near future. I can be reached at 538-5306.

Sincerely,

Susan M. White  
Mining Coordinator
